Hi Robert,

I do not have an electronic signature. I this what you were looking for?
Attached is a list of our member districts with my name, title and date.

Ken

Hi Ken,

Could you please resend me the statement you made below and sign it with an electronic signature (First and last name, title, organisation, address and contact information)?

Thanks,

Robert

Hi Rob,

Attached is a MS Word document containing a list of the school district that TRECA has the signed letters of agency for. At the time of the 471 deadline TRECA did not know that the Hope and Lifeskill school districts were going to get their T1 lines from another source. Because of this they will not be include on the list of districts that I will be sending you. I noted this so you would not be confused when you saw them on the 471, but not on my list. They will continue to use the T1 lines through TRECA for this schools year and then change.

I will be out of the office till February 18, 2004. If you need follow up information I will assist you then.

Ken

Hi Robert,

Enclosed is a document containing a list of the school district that TRECA has the signed letters of agency. At the time of the 471 deadline TRECA did not know that the Hope and Lifeskill school districts were going to get their T1 lines from another source. I had talk to their administrative office and thought they would be completing and forwarding the authorization letter to TRECA. After the 471 was submitted they informed me that they would be acquiring their T1 lines from another source. Because of this they will not be included on the list of districts that I will be sending you. I noted this so you would not be confused when you saw them on the 471, but not on my list. They will continue to use the T1 lines through TRECA for this schools year and then change.

Kenneth Papay,

A handwritten signature in cursive script, appearing to read "Kenneth Papay", written in dark ink.

Administrative Assistant, TRECA

Ken

Hi Ken,

Please fax me the Letters of Agency for your consortium members.

Thanks,

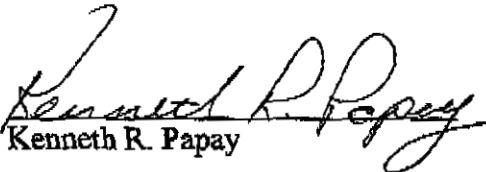

Robert
